

§ 1466.24

7 CFR Ch. XIV (1–1–06 Edition)

(c) Cost-share rates and incentive payment levels for conservation practices will be established by the State Conservationist or Designated Conservationist with advice from the State Technical Committee and Local Work Groups. The State Conservationist or Designated Conservationist will develop a list of eligible conservation practices with varied cost-share rates and incentive payment levels that considers:

(1) The conservation practice cost-effectiveness and innovation,

(2) The degree of treatment of priority natural resource concerns,

(3) The number of resource concerns the practice will address,

(4) The longevity of the practice's environmental benefits, and

(5) Other pertinent local considerations.

(d) Practice cost lists that include any structural practice with greater than 50 percent cost share rate are to be approved by the State Conservationist with concurrence of the Regional Conservationist.

§ 1466.24 EQIP payments.

(a) Except as provided in paragraph (b) of this section, the total amount of cost-share and incentive payments paid to an individual or entity under this part may not exceed an aggregate of \$450,000, directly or indirectly, for all contracts entered into during FYs 2002 through 2007.

(b) To determine eligibility for payments, NRCS will use the following criteria:

(1) The provisions in 7 CFR part 1400, Payment Limitation and Payment Eligibility, subparts A and G.

(2) States, political subdivisions, and entities thereof will not be considered to be individuals or entities eligible for payment.

(3) To be eligible to participate in EQIP, all individuals applying, either alone or as part of a joint operation, must provide a social security number. Where applicable; American Indians, Alaska Natives, and Pacific Islanders may use another unique identification number for each individual eligible for payment.

(4) To be eligible to participate in EQIP, any entity, as identified in 7

CFR part 1400, must provide a list of all members of the entity and embedded entities along with the members' social security numbers and percentage interest in the entity.

(5) With regard to contracts on Indian Land, payments exceeding the payment limitation may be made to the Tribal venture if an official of BIA or a Tribal official certifies in writing that no one individual directly or indirectly will receive more than the limitation. The Tribal entity must also provide, annually, listing of individuals and payments made, by social security number or other unique identification number, during the previous year for calculation of overall payment limitations. The Tribal entity must also produce, at the request of NRCS, proof of payments made to the individuals that incurred the costs for installation of the practices.

(6) Any cooperative association of producers that markets commodities for producers will not be considered to be a person eligible for payment.

(7) Eligibility for payments in accordance with 7 CFR part 1400, subpart G, average adjusted gross income limitation, will be determined at the time of contract approval.

(8) Eligibility for higher cost-share payments in accordance with paragraph (a) of this section will be determined at the time of approval of the contract.

(9) Any participant that utilizes a unique identification number as an alternative to a social security number will utilize only that identifier for any and all other EQIP contracts that the participant is party to. Violators will be considered to have provided fraudulent representation and be subject to full penalties of section 1466.35.

(10) A participant will not be eligible for cost-share or incentive payments for conservation practices on eligible land if the participant receives cost-share payments or other benefits for the same practice on same land under any other conservation program administered by USDA.

(11) Before NRCS will approve and issue any cost-share or incentive payment, the participant must certify that the conservation practice has been

completed in accordance with the contract, and NRCS or other approved Technical Service Provider certifies that the practice has been carried out in accordance with the conservation practice standards of the applicable NRCS field office technical guide.

(12) The provisions of 7 CFR 1412.505 except that refunds will be determined by the State Conservationist.

§ 1466.25 Contract modifications and transfers of land.

(a) The participant and NRCS may modify a contract if the participant and NRCS agree to the contract modification and the EQIP plan of operations is revised in accordance with NRCS requirements and is approved by the Designated Conservationist.

(b) The participant and NRCS may agree to transfer a contract to another producer. The transferee must be determined by NRCS to be eligible to participate in EQIP and must assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract.

(c) NRCS may require a participant to refund all or a portion of any financial assistance earned under EQIP if the participant sells or loses control of the land under an EQIP contract and the new owner or controller is not eligible to participate in the program or refuses to assume responsibility under the contract.

§ 1466.26 Contract violations and termination.

(a)(1) If NRCS determines that a participant is in violation of the terms of a contract or documents incorporated by reference into the contract, NRCS shall give the participant a reasonable time, as determined by NRCS, to correct the violation and comply with the terms of the contract and attachments thereto. If a participant continues in violation, NRCS may terminate the EQIP contract.

(2) Notwithstanding the provisions of paragraph (a)(1) of this section, a contract termination shall be effective immediately upon a determination by NRCS that the participant has submitted false information or filed a false

claim, or engaged in any act, scheme, or device for which a finding of ineligibility for payments is permitted under the provisions of § 1466.35, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(b)(1) If NRCS terminates a contract, the participant will forfeit all rights for future payments under the contract and shall refund all or part of the payments received, plus interest determined in accordance with 7 CFR part 1403. NRCS may exercise the option of requiring only partial refund of the payments received if a previously installed conservation practice can function independently, is not adversely affected by the violation or the absence of other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the lifespan of the practice.

(2) If NRCS terminates a contract due to breach of contract or the participant voluntarily terminates the contract, the participant will forfeit all rights for further payments under the contract and shall pay such liquidated damages as are prescribed in the contract. NRCS will have the option to waive the liquidated damages, depending upon the circumstances of the case.

(3) When making contract termination decisions, NRCS may reduce the amount of money owed by the participant by a proportion that reflects the good faith effort of the participant to comply with the contract or the hardships beyond the participant's control that have prevented compliance with the contract.

(4) The participant may voluntarily terminate a contract if NRCS determines that termination is in the public interest.

(5) In carrying out its role in this section, NRCS may consult with the local conservation district.

§ 1466.27 Conservation Grants (CIG). Innovation

(a) *Definitions.* In addition to the terms defined in § 1466.3 of this part, the following definitions shall be applicable to this section:
